

## Faster, Easier, Better!

The newest release of Vision SIS is now available. The Spring Release brings improved performance, more family engagement opportunities, and improved scheduling in time for your 2019-20 school year! We have been collecting feedback about this release from our beta test schools and the results have been very positive. If you would like to be part of future beta-testing of new releases, contact your sales representative and we'll let you know how to get started.

### Faster!

Our Spring Release features enhancements to the academic cloud that will result in significant performance improvements.

- Gradebooks are up to 10x faster
- Initial data loads are 2-3x faster, making navigation almost instantaneous
- Modified login to improve system performance
- Lightning-fast mobile performance

*"Major improvement in performance! Vision is much faster and easier to work with."*

**-Todd West**

*Upper Saint Clair School District*

## Easier!

Report cards update automatically when teachers modify final grades. Parents and students can see student progress without additional staff action.

- Families always have access to the latest report card
- Automatic publishing of report cards saves staff time
- Improved online assignment resources for parents and students

*"You made it easy to keep our report cards up to date. Parents are happy, and it saves me time!"*

**-Susan Orsino**

*Upper Saint Clair School District*

## Better!

Expanded scheduling tools for faster, more efficient scheduling. Now available for all grade levels. Get your schedules ready for 2019-2020 school year.

- Mass-Edit student course selections for Elementary, Middle, and High Schools
- Mass-edit alternate course selections and study halls
- There is NO LIMIT to the number of courses that can be mass-edited

*"Thanks for the update! Vision SIS works seamlessly in the background, making it easy for us to work with our Students."*

**-Jim Johnson**

*Meyersdale Area School District*
